	<hr/>
	\$ 127.00
Balance unexpended .....	\$ 73.00

## REPORT OF SCHOOLS.

I hereby submit my report of the schools for the past year. I fully sensed the condition of our schools, and knew that we were falling below the standard of the schools of our surrounding Towns, and the one important thing to do was to grade them; so with the help of some of my teachers, who were acquainted with graded work, we made out a schedule for the year's work, which proved satisfactory, and also introduced music and Palm Method writing by which the pupils made great advancement.

We were fortunate in securing good teachers for the year, which meant so much to the progress of the pupils. The schools are well equipped with material to work with except a few large Arithmetics. Now that the schools are graded, I sincerely hope that my successor will continue the work, as I believe it is the proper way to conduct the schools.

The town should certainly thank the members of the school committee for their excellent management of the schools, and I thank them for their co-operation.

L. P. WARREN,  
Superintendent of Schools.
